THE TYPEWRITER GIRL.

See the busy typist girl
As she pounds the keys,
Printing other people's thoughts
With apparent ease,
Sometimes printing other things
Because of lack of care,
And thus producing in her boss
A strong impulse to swear.
See her with her guileless face
Making her excuse:
"I had it in my notes, you see."
The boss—"Oh, what's the use!"

A statement issued by the Department of Agriculture says the average price of tobacco of eleven cents a pound paid in the Burley District is higher than that paid a year ago and that the present is one of the best crops of Burley tobacco produced in several years.

The report says that in the Paducah, upper Green river, upper Cumberland, Clarksville and Hopkinsville districts the prices received is an advance over that paid last year.

The quality of the present crop is considered better by reports from the several districts.

When you give your orders for Calendars, or any other Printing, to a Maysville Printer, the money will be paid out to Maysville workmen, who will spend it with you and other Maysville merchants. When you give your order to a Cincinnati, Chicago or St. Louis Printer—well, it's good-bye, 'Liza, to that money; neither you nor any other Maysville merchant will ever again see a cent of it. Moral—Give your orders to Mr. Howard E. Storkley, who represents Thomas A. Davis, the Maysville Printer.

FOR PRESIDENT,

FOR VICE-PRESIDENT,

TAFT to FAIRBANKS: Heads I win; cock-tails you lose.

THIS is leap year, and if Miss Ohio wants to propose to Secretary TAFT, why, it's all right.

HAS "The Port of Missing Men" anything to do with the men who failed to get the appointment of Surveyor of the Port of Louisville?

A BILL has been introduced in the Senate declaring Bluegrass to be Kentucky's emblematic flower. Where is the Tobacco flower and the Corn Top flower?

FINANCIERS in New York are said to object to the candidacy of HUGHES. ALDRICH would be more acceptable to the Wall street delegation.—Courier-Journal.

MARSE HENRY declares that the third termism is dead and that there is no longer any danger from the specter of the "Man on Horseback." Now, Massa WATTERSON, would the Constitution be safe in Mr. BRYAN's hands, even if he should be elected?

Mr. G. A. Backman and Miss Emma Wolfe married Tuesday last at Augusta.

Oscar L. Daring, inventor, aged 69 of Amityville, L. I., is the father of 27 children.

The cost of transporting coal for the battleship fleet now sailing to San Francisco will be \$1,000,000.

Governor Harris of Ohio now draws a salary of \$10,000 a year. Twelve years ago the salary was only \$4,000 a year.

Mr. Robert L. Hilditch of this city and Mr. W. M. Curran of Cincinnati attended the Walter-Loss nuptials at Covington.

IN spite of his cocktail record Mr. FAIRBANKS is going to carry Indiana.

Nobody hasn't yet volunteered to boost Senator FORAKER's Presidential boom with a dollar dinner.

THE first ballot for United States Senator suggests that ex-Governor CREPPS should apply the "first-aid-to-the-injured" remedy—and no doubt he took several.

AND there is the unspeakable Boise PENROSE United States Senator from Pennsylvania. His successor will be elected by the unusual primary process, tried for the first time in the Keystone State.

HARRY ST. GEORGE TUCKER, who was President of the Jamestown Exposition, has made formal announcement of his candidacy for the Governorship of Virginia. Mr. TUCKER is a noted authority on law, and several years ago was President of the American Bar Association.

THERE are in the United States today 175,000 lawyers—more than in any other profession or calling save teaching and medicine. People get themselves into trouble and then rush to the lawyers to get themselves out again. It's like the parable of the man who jumped into a bramble bush and scratched out both his eyes; then jumped back into the bramble bush and scratched them in again. Anyhow, he got a good scratching.

MUNICIPAL UNLUNACY.

By JOHN KENDRICK BANGS.

The greatest invasion of the rights of private parties as yet recorded is alleged to have occurred recently at Athens, N. Y., where, according to a dispatch from the local correspondent of a New York paper, a citizen unknown, dissatisfied with the quality of the tar pavements, covered them with feathers, with the usual result. This is the first time in the history of American municipalities that a town has been tarred and feathered. We hope the tendency will stop with this beginning, for we should not like to wake up some morning to find that our chosen city had either been lynched or ridden upon a rail.

The latest report of the government telegraphs and telephones of Great Britain shows a loss for the year of \$5,000,000. The proportion of this loss properly borne by the telephone department is an indication that, as far as the taxpayers of Britain are concerned, talk is no cheaper than it used to be.

Orange, Tex., is one of the latest towns to come in out of the wet. That city constructed a small waterworks system some years ago and operated it for several years prior to 1902 at a clear loss. In that year the city entered into a lease with a private company, and the other day the contract was revised and renewed for twenty years. We are glad to note that at least one Orange recognizes a lemon when it sees it and refuses to allow itself to be squeezed any longer.

How would you like to eat butter made by the fair hand of a plumber? Not much, eh? Well, look out for the man who proposes to have your house supplied with gas made under the expert eye of the ward politician who has studied statesmanship and civics in the sacred precincts of a corner saloon. The particular kind of gas in which he excels may be the kind that cannot be blown out, but you will seldom find it illuminating until your tax bill comes in.

As to municipal ownership of street railways, did you ever stop to figure out the ownership of a road that would run, say, from Portland, Me., to Portsmouth, N. H., passing as it does through Biddeford, Saco, Keenebunk, the townships of Wells and York, thence through Kittery into Portsmouth? They used to say that it was a wise child that knew his own father, but he would be an idiot alongside of a railway that, passing through so many civic hands as that mentioned above, recognized its dotting parent. Solomon himself would have been sorely taxed in rendering judgment in a case like that, and those who are familiar with the Scriptures are aware that in matters of that precise kind he was the wisest man on record.

Ex-Mayor Weaver of Philadelphia advocates the establishment of a municipal bank. It isn't a bad idea. It will enable the grafter in public office to get at the money of the people without all the wearisome and sordid detail at present necessary to the accomplishment of the same ends. Then, too, depositors who are careful about their accounts will know to a cent just how much they are being despoiled of, which in these days of indiscriminate municipal looting is truly an advantage.

Philadelphia Suburbanites Aggrieved. When Philadelphia leased its gas works ten years ago, it retained one plant, which serves the Tacony and Holmesburg districts. In recording the action of a meeting of the citizens of these districts, when a committee was appointed to carry their grievance to the mayor, the Philadelphia Record says:

"The plant was built twenty-five years ago and is declared to be in miserable condition, affording an inadequate and inferior supply of gas, although a handsome profit is returned to the city each year by its operation. The capacity of the plant has not been improved to keep pace with the growth of that section of the city. Frequent breaks in the mains leave the householders without gas."

Sample Civil Service Examination. This comes from Canada. A politician there was appointed to a position which technically had to be occupied by a lawyer, which the appointee was not. In order to obviate the technicality a board of examiners was appointed to question him as to his knowledge of the law. The first question by the board was, "What do you know about the law?" and the modest response was, "To tell the truth, I do not know a single thing." Whereupon the board intimated that the questioning was at an end and submitted a report on the examination, in which it was gravely stated, "We have examined the appointee as to his knowledge of the law, and to the best of our knowledge and belief he has answered all the questions with entire correctness."—Cincinnati Citizens' Bulletin.

A Long Beat.

After a short residence in this country an Irishman applied for appointment on the police force. While undergoing the civil service examination he was asked among other questions if he knew the distance between New York and San Francisco, and he replied doubtfully, "Well, I don't know the distance exactly, but if that's going to be my beat I don't want the job."—Exchange.

To Public Ledger Subscribers.

The United States Postoffice Department has issued a ruling that after January 1st, 1908, subscribers must actually ORDER the paper every year or the paper cannot be mailed to them at second class rates. The order reads as follows:

OFFICE OF POSTMASTER GENERAL,
WASHINGTON, D. C.

Order No. 907.

"Ordered, That the postal laws and regulations be amended, effective January 1st, 1908, as indicated below.

"Amend Section 434, paragraph 5, postal laws and regulations, to read as follows:

"5. Extra additions of a publication admitted as second-class matter manifestly issued for the purpose of communicating additional news and imparting information germane to the publication but received too late for insertion in the regular issue will be accepted at the second-class rates, provided the same are not issued for advertising purposes."

"Amend Section 436, postal laws and regulations to read as follows:

"2. The right of a publisher to fix the price of his publication or to induce subscriptions by the giving of premiums, prizes or other considerations, or by clubbing his paper with other papers, or by commissions upon subscriptions obtained by agents, is not questioned, but such methods will be carefully scrutinized in respect of their effect upon the legitimacy of the subscription list as a whole and upon the question of the primary design or the publication."

"3. A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid within the following periods:

Dailies, within three months;
Tri-weeklies, within six months;
Semi-weeklies, within nine months;
Weeklies, within one year;
Bi-weeklies, within three months;
Monthly, within four months;
Bi-monthlies, within six months;
Quarterlies, within six months,

they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound."

Thus, every subscriber to THE DAILY PUBLIC LEDGER will understand that it is not optional but mandatory for the publisher to comply with the order of the Postoffice Department by strictly adopting the cash-in-advance rule as prescribed in the above cited regulations.

Therefore beginning on February 1st, 1908, no copy of THE DAILY PUBLIC LEDGER will be sent to any mail subscriber who is delinquent for more than three months, and when any subscriber is behind three months or more such subscriber will be dropped and the paper discontinued.

The advance in paper supplies, type, wages, etc., has been so enormous that publishers must at once seek means to protect themselves, or ruin stares them in the face. Fortunately, we have very few delinquents now on our subscription books, and we trust that our patrons who are on the delinquent list will understand the order printed above and at once pay in advance so that if they wish their paper to continue they will not miss an issue.

Please note the date on your paper, showing when your subscription expires, and be governed accordingly.

We now respectfully request that if you are behind with your subscription that you will at once remit the whole amount due, so that all accounts can be wiped off our books.

Those not complying with this request will have their accounts placed in the hands of an attorney for immediate collection.

Remember, no DAILY PUBLIC LEDGER will be mailed to any subscriber, if delinquent or not paid in advance, after February 1st, 1908, and hereafter every subscription will be promptly stopped at expiration of time paid for.

Thanking every one of our patrons for their kind and continued support we are—

Sincerely and respectfully

CUTICURA CURED MOTHER AND BABY

Southern Woman Suffered With Itching, Burning Rash—Drove Her Nearly Crazy—Her Baby Had Sore on Neck, and Two Other Babies Had Skin Troubles—Calls

CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuticura Remedies. I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of better or some similar skin disease. It would itch and, after scratching, it burned so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer. Sometimes I would go nearly crazy for it itched so badly. I used ten dollars' worth of so-called blood medicines which did no good at all, then I went back to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Remedies did the work. One set also cured my uncle's baby whose head was a cake of sores, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cuticura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."

CUTICURA OINTMENT

The World's Greatest Skin Cure and Purest and Sweetest of Emollients.

Cuticura Ointment is one of the most successful curatives for torturing, disfiguring humors of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed by mild doses of Cuticura Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning, and scaly humors, eczemas, irritations, and inflammations, permit rest and sleep, and point to a speedy cure when all else fails.

BECKHAM FLAYED

By Senator Campbell of McCracken County in a Fiery Speech.

In casting his vote in the Legislature Wednesday against ex-Governor Beckham, Senator Campbell, Democrat of McCracken county, thus pays his respects to the man who made the State of Kentucky a by-word of ridicule. He said in part:

"For the past eight years a condition has existed in Kentucky, particularly in the ranks of the Democratic party in Kentucky, which has become intolerable. Year by year I have seen men whose faith was true and tried, whose belief was strong and whose courage could not be disputed drop away from the councils of the party, and I have seen them forced into retirement and exile. Absolutism is inimicable to Democratic government. Absolutism is destructive of Democratic faith. Absolutism must be eliminated from the Democratic party in Kentucky if that party shall ever again come into her rightful inheritance and into her proud position of commanding eminence."

"We cannot drive with lash or spur Kentucky manhood, we cannot hope to coax or wheedle the men of our state back into worshipping false idols. . . ."

"He (Beckham) has allowed ambition to grow like a noxious weed in the fair garden of his virtues until now his influence in Kentucky has become, in my humble judgment, inimicable to free institutions, destructive of those sacred, eternal principles which are of the foundation stones upon which the party and all free government must rest. It has become necessary that Mr. Beckham shall be eliminated from Kentucky politics. He has made this condition for himself. It is a pity that it is so."

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Maysville Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Maysville testimony:

Mrs. E. Bridges, of 206 West Third street, Maysville, Ky., says:

In March, 1900, I gave a testimonial recommending Doan's Kidney Pills. I had been troubled with a lame back and weak kidneys from girlhood and in my efforts to find a cure tried many different remedies, but without benefit until I began using Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore. They went right to the cause of the trouble and as a result brought relief that led me to testify in their favor. I have never been without Doan's Kidney Pills in the house since. Every spring I take a box whether symptoms of kidney trouble are apparent or not, and in this way keep my kidneys in good condition."

AFTER MCKNIGHT

Adherents of Beckham in Mason
County Very Sore—Register
a Gentle Kick

Hon. Virgil McKnight has stirred up a hornets
nest among the adherents of Governor
Beckham in this city by the stand he has taken
in the Senatorial contest.

Mr. McKnight's statement that ninety-nine
out of every hundred Democratic voters in this
city and Mason county are in favor of Hon. J.
N. Kehoe for United States Senator is no doubt
correct, and the astute Representative of the
staunch old county of Mason should by all means
stand by his declaration until the last gun is
fired in the fight now on as to who shall hold
down the seat in the Senate of the United
States.

The Beckhamites here are terribly wrathful
and are circulating a paper getting signers to
a petition to be forwarded to McKnight re-
questing him to come down off his perch and
get aboard the Beckham band wagon and from
now on be a good boy. If he refuses to obey
the mandate, henceforth and forever his name
is to be Dennis and his picture in Democratic
Councils will be turned to the wall.

Mr. McKnight had openly avowed his purpose
of not voting for Beckham before he left this
city for Frankfort and now that the battle is
on and he has fired a volley into the ranks of
the Beckham followers by voting his wisdom
and conscience dictates, he is not likely to
tamely surrender his principles at the dictation
of anybody or set of men.

The petition to be sent on will have about
as much effect upon Mr. McKnight, so far as
influencing his vote is concerned, as pouring
water on a duck's back.

You can put it down that Virgil is again the ex-
posed at all stages of the game.

THERE IS NO SECRET About Our Cod Liver Preparation—Vinol.

So many patent medicines and advertised
cures are now offered to the public that we
want to call special attention of the people of
Maysville to the fact that Vinol is not in any
sense a secret or patent medicine.

For centuries medical men the world over
have recognized the great tonic and curative
elements contained in the cod's liver, but how
to extract these medicinal elements from the
boneless and repulsive oil which enveloped them
has been the problem hitherto unsolved.

This was finally accomplished by two eminent
French chemists, and the result is Vinol, a
delicious modern cod liver preparation with-
out oil, made by a scientific extractive and con-
centrating process from fresh cod's livers, thus
combining with peptonate of iron all the
medicinal, healing, body-building elements of
cod liver oil, but no oil.

As a body builder and strength creator for old
people, delicate children, weak, run-down per-
sons after sickness and for chronic coughs,
colds, bronchitis and all throat and lung trou-
bles, Vinol is unequalled. Try it on our offer
to return money if it fails to give satisfaction.

SENATORIAL BALLOT

Beckham 66; Bradley 64—Bolters
Standing Firmly Against the
Ex-Governor

THURSDAY'S VOTE.

Beckham.....66

Thursday's scenes in the Frankfort Legisla-
ture were thrilling politically, with shafts of
sarcasm, hisses and rebukes mingled in the
Democratic discord over the utter failure to
elect J. C. W. Beckham United States Senator.
It has but stirred the fires of bitterness against
the former Democratic Governor, and those
who voted against him declare that he now has
no chance to win in any event.

Scenes attending the initial joint ballot Wed-
nesday in the Legislature were fraught with
excitement. Senator J. Wheeler Campbell
(Democrat) of Paducah, trembling with emotion
and with tears in his eyes, gave a dramatic re-
cital of events that resulted in his attitude
against Beckham. One-man power—selfishness
was the prime reason for not voting for Beck-
ham, he said.

Crowds of Beckham followers occupied nearly
every available seat in the galleries. Camp-
bell's remarks brought forth a series of loud
hisses and sarcastic yells.

Senator Charlton (Democrat), who also voted
against Beckham, was made a target of by the
Beckham crowd and hissed for his refusal to
"stay in the band wagon" and elect the "Boy
Governor."

The Republicans are voting solidly for Bradley
and express hopes of victory, but it looks like
a hopeless deadlock, or some Democrat other
than Beckham.

In the joint session yesterday the vote stood:
Beckham 66; Bradley 64; scattering 5; absent
(one Republican and Democrat) one Democrat
not voting.

There is more Catarrh in this section of the

until the last few years was supposed to be incur-

it a local disease and prescribed local remedies,

therefore requires constitutional treatment. Hall's
